RESPONSIBLE EMPLOYEES

Confidential Resources (see reverse) exist so that survivors can seek support and discuss options without the obligation to report to authorities. According to the UC SVSH Policy, any University employee who is not a Confidential Resource is a Responsible Employee, with a reporting obligation.

Have questions about the UC SVSH Policy or the Responsible Employee reporting obligations? Contact OPHD at 510-643-7985 or ask_ophd@berkeley.edu, or find more information at ophd.berkeley.edu.

MEDICAL SERVICES

Individuals may wish to seek medical care to treat injuries, get tested for exposure to sexually transmitted infections, or preserve forensic evidence. You can call the Care Line to speak with a confidential advocate, who can coordinate transportation to a healthcare facility and **accompany** you throughout the process to provide support.

Though otherwise confidential, medical staff are required to report to the police any physical evidence of a violent crime observed during a physical exam.

HIGHLAND HOSPITAL

Full emergency care; approved site for forensic evidence collection after sexual assault or relationship violence. Evidence collection costs are covered for survivors of sexual and relationship violence.

EVIDENCE COLLECTION

Forensic evidence collection is a police process to collect and preserve possible evidence of a crime, and can only be done at approved sites in the county where the incident occurred. If a survivor of relationship violence or sexual assault is considering pursuing criminal charges, it is best if evidence collection occurs in the first 72 hours, the earlier the better. For best evidence collection, if possible:

- Leave the area where the harm occurred undisturbed.
- Place each clothing item in a separate paper bag (no plastic).
- Resist urge to shower, bathe, wash hands, eat, drink or brush teeth.

OBTAINING A PROTECTIVE / RESTRAINING ORDER

Survivors have the option to request a protective/restraining order from the civil division of the Superior Court at any time. These civil court orders protect survivors who have experienced or are in fear of physical violence, sexual assault, and/or stalking by another individual.

The Family Violence Law Center can help with this process, and can be contacted at 800-947-8301.
