This quick guide covers resources for UC Berkeley students (including undergraduate, graduate, professional, online, and visiting) who have experienced harm related to sexual violence and sexual harassment (SVSH) or who are supporting others. Some resources below are designated Confidential, others are offices of record. Survivors do not need to formally report to campus or the police, nor do they have to share anything they do not want to share, to receive confidential support. If you are unsure of where to start or have any questions about confidentiality, contact the PATH to Care Center.

ADMINISTRATIVE REPORTING TO UC BERKELEY

OFFICE FOR THE PREVENTION OF HARASSMENT & DISCRIMINATION (OPHD)

As UC Berkeley's Title IX office, OPHD handles complaints of discrimination, harassment, and sexual violence involving students, faculty, and staff. OPHD can issue interim measures which may include mutual no contact directives.

OBTAINING A

PROTECTIVE / RESTRAINING ORDER

Survivors have the option to request a protective/restraining order from the civil division of the Superior Court at any time. These civil court orders protect survivors who have experienced or are in fear of physical violence, sexual assault, and/or stalking by another individual.

The **Family Violence Law Center** can help with this process, and can be contacted at 800-947-8301.

RESPONSIBLE EMPLOYEES

Confidential Resources (see reverse) exist so that survivors can seek support and discuss options without the obligation to report to authorities. According to the UC SVSH Policy, any University employee who is not a Confidential Resource is a Responsible Employee, with a reporting obligation. Responsible Employees include Resident Assistants, GSIs, faculty, and coaches.

Have questions about the UC SVSH Policy or the Responsible Employee reporting obligations?

Contact OPHD at 510-643-7985 or ask_ophd@berkeley.edu, or find more information at ophd.berkeley.edu.

MEDICAL SERVICES

Individuals may wish to seek medical care to treat injuries, get tested for exposure to sexually transmitted infections, or preserve forensic evidence. You can call the Care Line to speak with a confidential advocate, who can coordinate transportation to a healthcare facility and **accompany** you throughout the process to provide support.

Though otherwise confidential, medical staff are required to report to the police any physical evidence of a violent crime observed during a physical exam.

HEALTHCARE FACILITIES LOCAL TO CAMPUS

Highland Hospital

Full emergency care; approved site for forensic evidence collection after sexual assault or relationship violence. Evidence collection costs are covered for survivors of sexual and relationship violence.

510-437-4800 | alamedahealthsystem.org
1411 E 31st St, Oakland, CA 94602

24/7

University Health Services (UHS) / Tang Center Urgent Care

Offers medical care to students regardless of insurance status. Provides treatment for potential injuries and to prevent sexually transmitted infections and pregnancy. UHS is not an approved site to provide forensic evidence collection, however staff can coordinate that service with an approved hospital. Medical costs are covered for student survivors of sexual and relationship violence. **For after-hours medical assistance, call UHS Advice Nurse at 510-643-7197.**

EVIDENCE COLLECTION

Forensic evidence collection is a police process to collect and preserve possible evidence of a crime, and can only be done at approved sites in the county where the incident occurred. If a survivor of relationship violence or sexual assault is considering pursuing criminal charges, it is best if evidence collection occurs in the first 72 hrs, the earlier the better. For best evidence collection, if possible:

- Leave the area where the harm occurred undisturbed.
- Place each clothing item in a separate paper bag (no plastic).
- Resist urge to shower, bathe, wash hands, eat, drink or brush teeth.
